## LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN

#### Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

#### 10.1. How do you ensure good fiscal accounting and tracking of funds?

The NCIDC uses a cloud-based accounting software named Abila which is specifically designed for not-for-profit accounting and grant management. The agency's accounting policies ensure the revenue and expenditures are entered into Abila in compliance with generally accepted accounting procedures as well as OMB guidance. NCIDC follows accrual accounting in which costs and revenue are booked in the period they are incurred. The agency also uses a multi-level general ledger to track revenue and expenses to specific grants or contracts and also other grant specific requirements such as line-item components. NCIDC LIHEAP program staff initiate formal written payment requests. Once a request is received, the fiscal department develops a check request with all the pertinent information that must be approved by the Chief Executive Officer or the CEO's designee. When approval is given, a check is cut to the appropriate vendor and two authorized check signatories are required to finalize the check payment. Refunds are entered as credits to both the accounting system and the programmatic database. The accounting system generates reports that are the basis of grant analysis, cash drawdowns, annual FFRs and monthly financial reports. The administration and the board of directors receive monthly financial reports for the corporation for review and approval. Program staff and Fiscal staff reconcile their systems as a cross check.

#### 10.1a Provide your definitions of the following:

#### Obligation

Orders placed for property and services, contracts and subawards made, and similar transactions that require payment by a recipient or subrecipient that will result in expenditures by a recipient or subrecipient.

#### Expenditures

Charges made to a project or program

#### Expenditure timeframe

 $Period \ of performance, \ 10/01/2025-09/30/2026. \ All \ funds \ must \ be \ obligated \ by \ 9/30/26, \ and \ all \ obligations \ are \ paid \ within \ 30 \ days.$ 

#### Administrative costs

Those costs incurred for a common or joint purpose benefitting more than one cost objective, and not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved. To facilitate equitable distribution of indirect expenses to the cost objectives served, it may be necessary to establish a number of pools of administrative costs. Administrative cost pools must be distributed to benefitted cost objectives on bases that will produce an equitable result in consideration of relative benefits derived.

#### Audit Process

10.2. Is your LIHEAP program audited annually under the Single Audit Act and OMB Circular A - 133?  $\bigodot$  Yes  $\bigodot$  No

#### 10.2a - if yes, describe your auditor selection process.

The auditors are selected via RFP every 5 years. Selection criteria are expertise and then cost.

| 10.3. Describe any audit findings of the grant recipient (i.e. State/Tribe/Territory) rising to the level of material weakness or reportable condition cited in the single audits, inspector general reviews, or other government agency reviews from the most recently audited fiscal year. |                        |  |  |                               |  |

| 1  | monitoring             | Condition: During the review of internal controls over journal entries, it was noted that the fiscal director and staff accountant initiate, approve, and post their own journal entries. Most remote, smaller entities have limited resources to hire enough individuals to provide proper segregation of duties in the finance department. Criteria: In order to ensure proper segregation of duties and mitigate management override of controls, the auditee should have proper segregation of duties over journal entries where separate individuals initiate, approve, and post journal entries. Cause: Limited resources and small accounting department. Effect: Incorrect journal entries may be posted to the accounting records that could cause a misstatement in the financial statements. Recommendation: We recommend that NCIDC institute an update to the fiscal procedures that will require segregation of duties over journal entries where separate individuals initiate, approve, and post journal entries as well as provide fiscal staff with training on implementation of the new procedures. Corrective Action Plan (Implemented): The NCIDC will immediately remedy the internal control deficiency by implementing a more robust journal entry protocol so as to forbid a single employee from drafting, reviewing and posting their own journal entries. This will greatly improve assurances there will be no material misstatements and also create better transparency within the fiscal department on all journal entries and the overall understanding of the financial statements. | Yes                                    | procedure/policy changes      |  |

| The NCIDC's methods for verifying applicant identities for the LIHEAP program is  |
| to require that the person submitting the application provide their name, address, phone  |
| number, and social security number (SSN). The LIHEAP program coordinators are intimately familiar with the residents of their reservations, Rancherias or aboriginal  |
| territories, in large part because the majority of the Tribes in the NCIDC program have   |
| small populations. Validation of legitimate applicants is dependent on the Tribe's  |
| membership records and the Tribal LIHEAP coordinators knowledge of the community.   |
| Additional verification is collected in the process of certifying the client for services. For  |
| example, households in which one or more individuals are receiving assistance under   |
| TANF, Supplemental Security income, food stamps (SNAP) or Veterans or Survivor pensions are eligible for LIHEAP services. Hard Copy documentation for those programs  |
| further verifies the applicant or the applicant's household eligibility. Alone, these   |
| documents do provide adequate identification, however in combination with proof of  |
| income, a California driver's license or identification card, social security number, utility   |
| bills or Tribal membership the identity of the applicant is verified.   |

Tribal communities are small and LIHEAP Coordinators know all the energy vendors that serve their community. NCIDC staff also complete additional verification using energy bills or vendor invoices. |

The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

### Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

- 1. By signing and/or submitting this application or grant agreement, the Grant recipient is providing the certification set out below.
- 2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the Grant recipient knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
- 3. For Grant recipients other than individuals, Alternate I applies.
- 4. For Grant recipients who are individuals, Alternate II applies.
- 5. Workplaces under grants, for Grant recipients other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the Grant recipient does not identify the workplaces at the time of application, or upon award, if there is no application, the Grant recipient must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the Grant recipients drug-free workplace requirements.
- 6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
- 7. If the workplace identified to the agency changes during the performance of the grant, the Grant recipient shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
- 8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grant recipients attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a Grant recipient directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the Grant recipients payroll. This definition does not include workers not on the payroll of the Grant recipient (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the Grant recipients payroll; or employees of subrecipients or subcontractors in covered workplaces).

Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a

central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

- (f)Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted -(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

Alternate II. (Grant recipients Who Are Individuals)

- (a) The Grant recipient certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;
- (b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices.
